B. COURSE

PART I: MSU SPRING SEMESTER

PART I: PRE-DEPARTURE COURSE

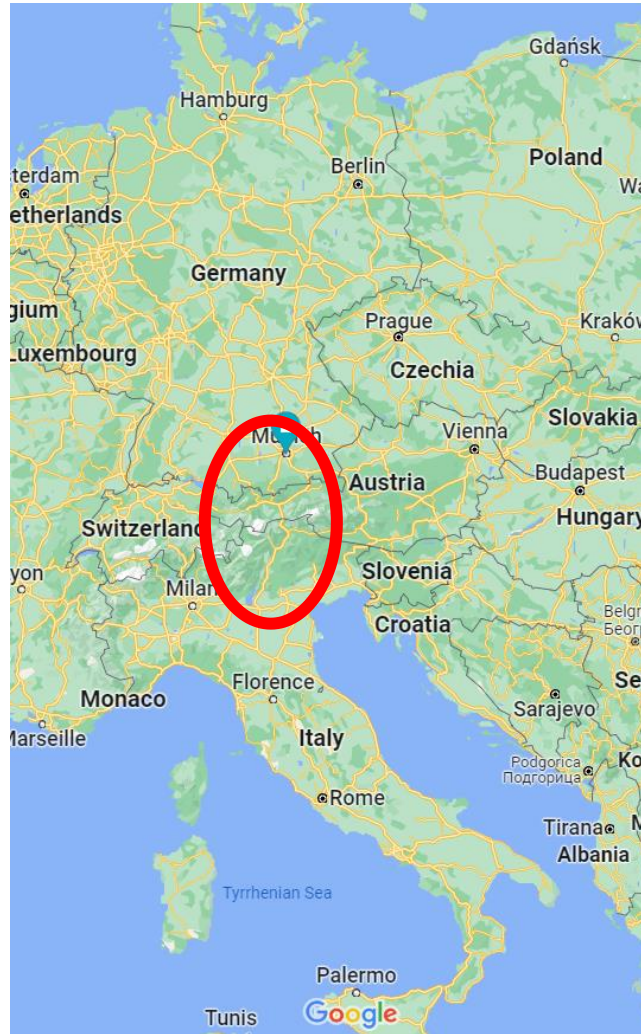

Course Background

This Spring semester course (GRMN 202 or GRMN 450), will figuratively and curricularly follow in the footsteps of one of Germany's most famous writers and avid scientists, Johann Wolfgang von Goethe, and re-discover art, nature, science, and engineering in the Alps. Students will visit iconic natural features and engineering miracles such as the glacial Isar River flowing out of the Karwendel mountain range, the tram ascending the Zugspitze, the architectural wonders leftover from the Habsburg Empire in Innsbruck, and one of our early relatives Ötzi in Bozen, Italy (aka Süd-Tirol). **100% German**

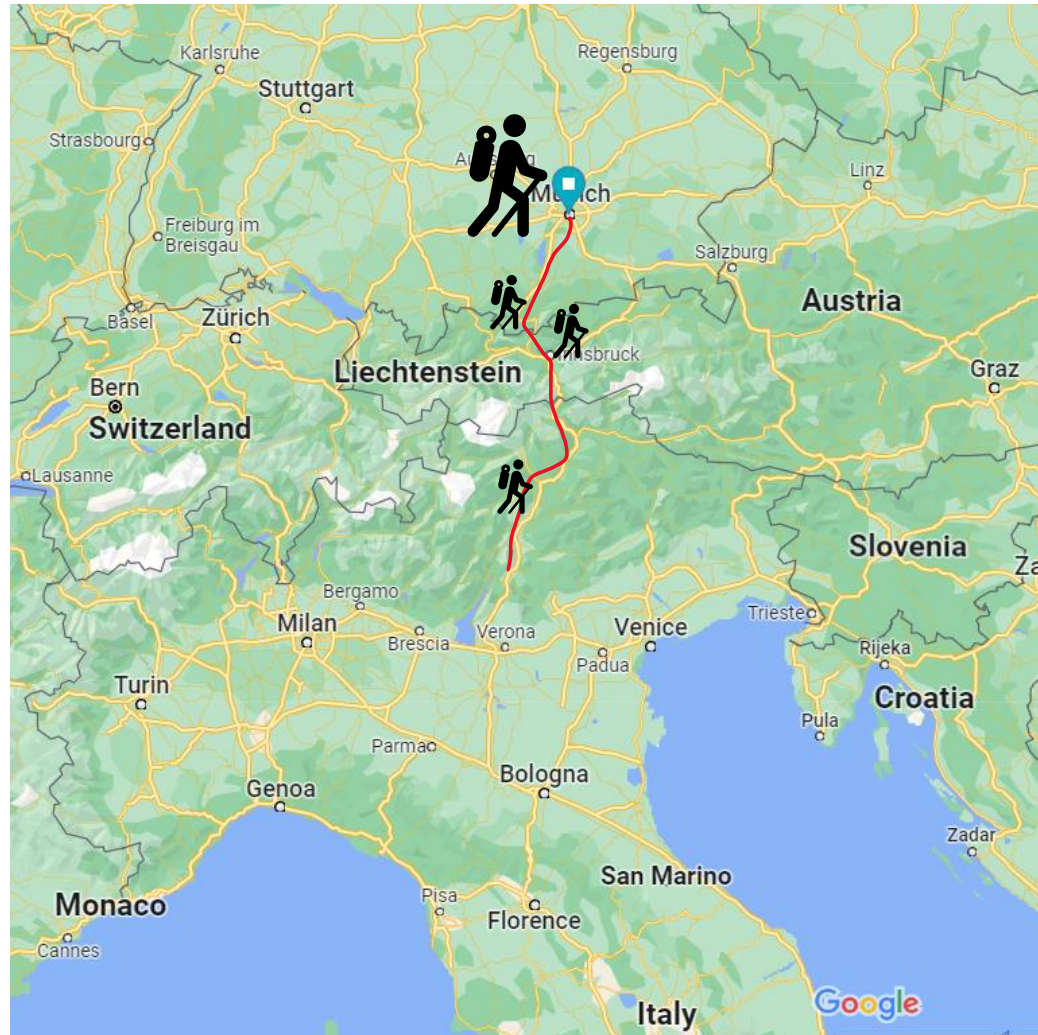

**PART II:
THE
TRAVEL
PLAN**

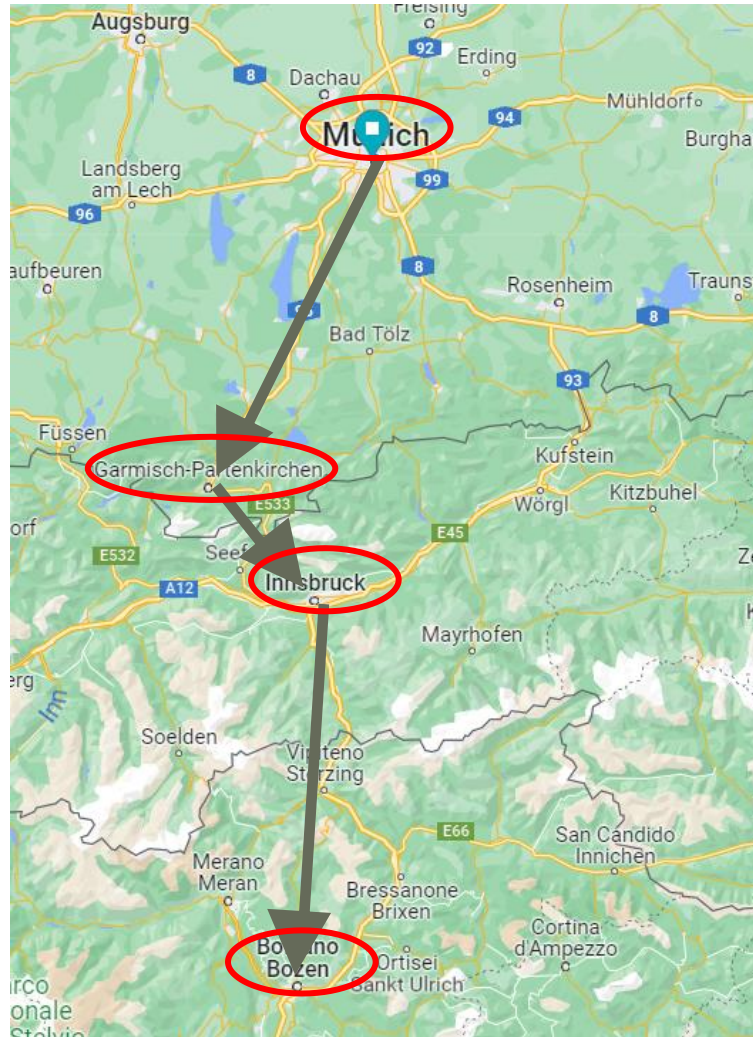

The big picture

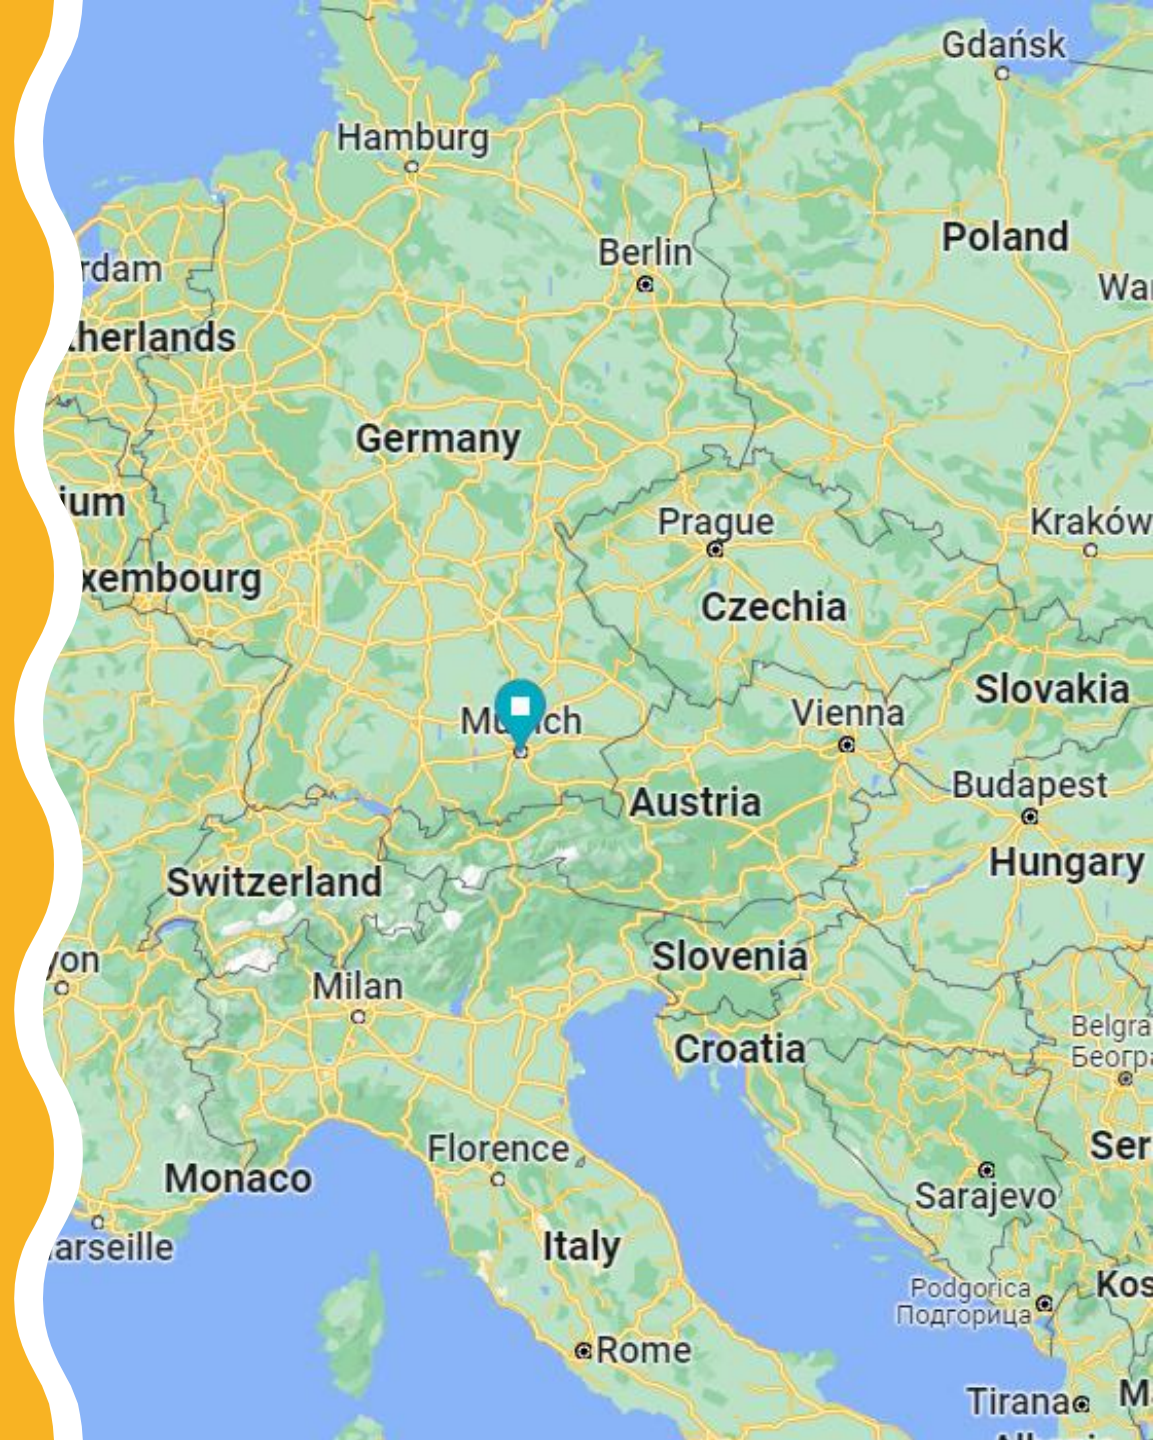

And we're zooming in

Crossing those Alps!

**IMAGINE THE
POSSIBILITIES!**

13 Days (May 13-25, 2024)
